January 5, 2022

Dear Parents and Students,

Happy New Year!

With the Provincial Government's extension of the Christmas break, students will now be returning to school on Monday, January 10, 2022. As a result, our final exam schedule has changed and the last days of classes have been modified for various groups. Please keep these important dates in mind as we finish Semester 1:

- **Friday, January 21st** - Last day of classes for core subjects in grades 9-12 (e.g. Math, Science, English and Social Studies).
- **Tuesday, January 25th** - Last day of classes for grades 9-12 options, Physical Education and K&E courses.
- **Wednesday, January 26th** - Last day of classes for Alternate Education Students (e.g. GOALs, RLS and ALS).

Final exams in core subjects will take place on Monday, January 24th and Tuesday, January 25th. Final exams will be shortened and will be conducted during the period in which the course is timetabled. Teachers may choose to have students complete final exams in just one period on Monday, January 24th, or they may choose to break the final exam up into two sections whereby students write one section on Monday the 24th and the other section on Tuesday the 25th. Students are encouraged to talk with their classroom teachers to determine final exam dates. Please refer to the schedule on p. 2 for more information.

The Provincial Government also announced that Diploma Exams for Grade 12 students have been cancelled. As a result, students will complete a final exam created by their teachers on January 24th and 25th instead. Again, final exams may take place in one class period on the Monday, or may be spread over the two days (i.e. Monday and Tuesday). Students should speak to their diploma teachers for more information on the administration of these exams.

Also during the two exam days (Monday the 24th and Tuesday the 25th), high school seminars will be cancelled during Period 1. However, Grade 9 Essentials will still continue as usual and

attendance will be taken. Grade 9s will be given the opportunity to study for their exams during this time.

Finally, exam make-up days will take place from January 26th to 28th. Teachers may request some students to attend during this time if they have missed other tests or assignments. This will be communicated to students prior to the start of exam week. No classes are scheduled for these three days.

Good luck with your final exams, and we look forward to seeing you in Semester 2!

Sincerely,

Mrs. K. Elgert

Principal

Wetaskiwin Composite High School
